

Remarks

Applicant's counsel thanks the Examiner for the careful consideration given the application and for the courteous telephone interview conducted on January 17, 2008, during which claim 27 and EP1234539 were discussed. During the telephone interview, suggestions were made to revise claim 27 to more clearly define over the '539 reference. As was mentioned during the interview, '539 does not have a chamber at least partially defined by the mentioned wall. Applicant's counsel has now amended claim 27 as was agreed during the interview. At the conclusion of the interview, the Examiner agreed that claim 27 as now amended appears to define over the art of record, including EP1234539. The claims have also been amended to rectify the Section 112 second paragraph concerns expressed by the Examiner in the most recent Office action. Since the claims have now been amended to overcome all of the rejections and prior art cited by the Examiner, it is believed that the claims are now in condition for allowance, which is respectfully requested.
